

# YEAR 1 SPRING TERM

Big Idea	Week	Objectives
Place Value (within 20)	1 (3 days)	To count within 20 To understand 10
	2	To understand 11, 12 and 13 To understand 14, 15 and 16 To understand 17, 18 and 19
	3	To understand 20 To understand and use the terms 1 more and 1 less To use a numberline to 20
	4	To estimate on a numberline to 20 To be able to compare numbers to 20 To be able to order numbers to 20
Addition and Subtraction (within 20)	1	To add by counting on within 20 To add ones by using number bonds To find and make number bonds to 20
	2	To understand doubles To understand near doubles
	3	To subtract ones using number bonds To be able to subtract by counting back To be able to subtract by finding the difference
	4	To be able to use related facts To be able to solve missing number problems
Place Value (within 50)	1	To count from 20 to 50 To understand multiples of 10 up to 50 To count by making groups of tens To understand and use groups of tens and ones
	2	To be able to partition into tens and ones To use a numberline to 50 To estimate on a numberline to 50 To be able to find 1 more and 1 less of numbers up to 50
Length and Height	1	To compare lengths and heights To measure lengths using objects To measure length in centimetres
Mass and Volume	1	To understand and use the terms heavier and lighter To be able to measure and compare mass To understand and use the terms full and empty To be able to compare volume To be able to measure and compare capacity
